

SIGN UP YOUR TECHNICIANS FOR FREE HYUNDAI HIGH VOLTAGE ELECTRIC FORKLIFT TRAINING

Be prepared to
service the new
**40/45/50/55B-X &
60/70/80/90B-X**

No other forklifts can match the performance of these revolutionary new machines. We believe customers will be extremely satisfied with the B-X Series. To keep them satisfied, it's important that dealers offer expert aftermarket service.

Hyundai is scheduling in-person technical training sessions at our headquarters in Norcross, GA. The classes will be held over two days and are offered at no cost. Topics include:

- **High voltage safety procedures:** PPE, lockout/tagout, and safe handling practices
- **Component identification:** recognizing and understanding batteries, inverters, controllers, and HV wiring
- **Troubleshooting techniques:** step-by-step methods for diagnosing and resolving common HV system issues
- **Emergency response:** procedures for electric incidents and high-voltage battery hazards
- **Hands-on training:** practical exercises with Hyundai B-X Series forklifts

Sessions Begin January 6. Space is limited. Sign up your technicians via the dealer portal.

The high voltage training sessions will be held once a month on Tuesdays and Wednesdays, 8:00 am-4:00 pm on the following dates:

**January 6 & 7
February 3 & 4
March 3 & 4**

There is no cost for the training and to assist with travel expenses Hyundai is offering a corporate discount through the Crowne Plaza. Get complete details and enroll your technicians via the dealer portal.

The new B-X Series offers an outstanding sales opportunity. Make the most of it with our free technical training.

Sign up today.
